

BURNED MATERIAL ACCEPTANCE POLICY

SOUTHERN IDAHO SOLID WASTE

PO Box 159 Burley, ID 83318

(208)432-9082

WWW.SISW.ORG

FAILURE TO COMPLETE ALL REQUIREMENTS MAY RESULT IN LOAD REFUSAL

Accepting burned material puts our employees and the public at risk if not disposed of properly. In order to decrease the potential for combustion, SISW has adopted a new policy. Please review the SISW Burned Material Waste Disposal Policy below.

1. Burned material may be accepted at the Milner Butte Landfill and each transfer station as long as all steps of this policy are followed.
2. Each load of burned material must be accompanied by a completed Waste Tracking Form **OR** proof that the fire occurred either a minimum of 1 week prior to disposal for Milner Butte Landfill or 6 weeks prior for transfer stations.
3. 24 hours' notice must be given by the customer to each Transfer Station or the Milner Butte Landfill in order to prepare for delivery.
4. Transfer stations will be limited to accepting two loads per day per customer. Milner Butte Landfill will only accept as many loads as can be processed in that day. Fees will apply regardless of delivery container.
5. All loads will be inspected by SISW employees upon arrival. No smoldering or smoking loads will be accepted.
6. If any special arrangements are needed, please contact the Environmental Manager at the number below.
7. Barrels and other containers that are used specifically for burning garbage will not be accepted under this policy. Burned material of this nature must be placed in a plastic bag or cardboard box in order to be accepted.

TIPPING FEES		
Time Since Fire	Milner Butte	Transfer Stations
< 6 weeks	\$40.00/ton	Not Acceptable
≥ 6 Weeks	\$16.00/ton	Mixed C&D Fee

For additional information, please contact SISW at (208) 432-9082.
