

**WASTEWATER TREATMENT PLANT SLUDGE
ACCEPTANCE POLICY**
SOUTHERN IDAHO SOLID WASTE
PO Box 159 Burley, ID 83318
(208)432-9082
WWW.SISW.ORG

FAILURE TO COMPLETE ALL REQUIREMENTS MAY RESULT IN LOAD REFUSAL

The Southern Idaho Solid Waste District (SISW) accepts Wastewater (WW) Sludge/Biosolids at the Milner Butte Landfill. Acceptance is dependent on the review of source and lab data which is representative of the soil. All appropriate source information and lab work must be submitted to SISW for review prior to shipment. SISW has the right to refuse loads and/or require additional testing. All loads are subject to random load inspections.

Requirements:

- 1.) WWTP Sludge/Biosolids must not contain free liquids.
- 2.) An SISW Waste Profile must be completed by the generator and submitted to SISW.
- 3.) If the WWTP Sludge/Biosolids is accepted, SISW will assign a profile number and provide the generator with an SISW Waste Approval Form.
- 4.) Each load must be accompanied by a completed SISW Waste Transport Form with the corresponding profile number.
- 5.) WWTP Sludge/Biosolids must be placed where directed by SISW personnel.

Thank you for your cooperation. For additional information,
please contact SISW at (208) 432-9082.
